

Shraman Foundation, USA

The office of Dean Alumni and External Relations happily inform you about the scholarship opportunity by Sharman Foundation, USA.

About SHRAMAN Foundation:

[Shraman Foundation](#) is a private not-for-profit organization founded by [Dr. Vinay Jain](#) and his family. One of its primary goals is to provide educational scholarships to talented but financially underprivileged students to help them achieve their career goals. Shraman Foundation has partnered with our institute to promote technical education by providing scholarships to underprivileged students who have not received any scholarships from the federal or state governments.

About SHRAMAN Scholarship:

Providing funding for at-need students in India to pursue higher education in technical fields. The Shraman Foundation is excited to fund scholarship opportunities for promising students in India and beyond. Shraman Foundation's goal is to provide Technical education opportunities to underprivileged students by leveraging high quality education platforms. Repeated studies show that access to education leads to alleviation of connected societal issues, including poverty.

Scholarship Package

Shraman Scholarship is intended to cover tuition and other institutional fees including hostel and mess fees that are not covered by central or state government offered scholarships.
