WARM GREETINGS AND WELCOME TO ABV-IIITM

India plays a pivotal role in digital world internationally fuelled by her expertise in IT. Taking a cue out of this, IIITM was established by Government of India to synchronize the growing demand for IT and management in unison. IT revolution is a worldwide phenomenon and has led to shrinkage of market and intensification of competition. This is a challenging situation and an opportune moment for those that dare. In an attempt to accept this challenge, we have initiated programs to groom technology developers, managers and researchers by offering undergraduate & postgraduate study programs leading to MBA, M. Tech, and Ph.D.

With our vision to achieve global excellence in knowledge economy, each member of the institute is passionate about his or her involvement. The knowledge economy that has emerged internationally needs both managerial and technical skills derived from appropriate training and exposure to real world challenges. We continuously endeavour to transform our vision into action through active participation of both students and teachers in areas of relevance. We take pleasure in informing that we have active research collaborations with overseas universities.

Strong foundation provided to our students in definitive areas of IT and management offer them an edge not only to face competition but also to provide more viable solutions. Our well-structured yet flexible curriculums allow our students to become competent and meet challenges head-on. We offer the most vital link between industries, businesses, and government departments.

LAURELS WON BY THE INSTITUTE

Sr. No.	Award/Recognition	Year
1.	NIRF Rank : 81 in “Engineering “ and 75-100 band in Management	2019
2.	UI Green Metric 168 th Global Rank (awarded by Universitas Indonesia) and 1 st Rank in India in Green University	2018
3.	9 th Rank in Swachh Campus, MHRD	2018
4.	NIRF Ranked in 51-75 band in “Management” and 101-150 Band in “Engineering”	2018
5.	21 st Rank in India Today- Best Engineering colleges	2017
6.	UI Green Metric 164 th Global Rank (awarded by Universitas Indonesia) and 1 st Rank in India in Green University	2017
7.	Rated AAAA in Engineering colleges by Careers 360	2017
8.	Rated AAA+ in Universities category by Careers 360	2017
9.	15 th Rank in Dataquest –DSQ Survey of top 25 T-schools	2016
10.	22 nd Rank in “Management” category of NIRF, MHRD, Government of India	2016
11.	1 st Rank in Emerging best colleges in Engineering category by India Today	2016
12.	UI Green Metric 108 th Global Rank (awarded by Universitas Indonesia)	2016
13.	Best B-School Leadership Award by DNA and Star group of Industries	2016
14.	Lokmat Leadership Award for B School	2015
15.	Best B-School with IT curriculum Award by Devang Mehta Memorial Trust	2015
16.	“Gulistan “ Award for best institute campus by NaiDuniya	2015

18.	Indira Gandhi Rajbhasha Puraskar (First in Category C: Autonomous bodies) award given by president of India) for the year 2012-13	2014
19.	9 th Rank in “ Beyond IITMs School” Survey 2014 by Higher Education	2014

05 KNOW YOUR CAMPUS

ABOUT INSTITUTE

ABV- Indian Institute of Information Technology and Management (IIITM) in Gwalior, Madhya Pradesh is an autonomous institute set up by Ministry of Human Resource Development (MHRD), Govt. of India. It is an effort by MHRD towards creating professionals in areas of management and information technology from the same institute. This institute was created for facilitating higher education, research, and consultancy in areas of information technology (IT) and business management. The institute is located on a 150-acre. It is a residential campus; faculty and students live on campus. It houses several departmental blocks with academic block houses lecture theatres, seminar halls, library, laboratories and faculty offices, administrative block, an open-air theatre, indoor sports complex and the student hostels. There is hostel accommodation available for boys and girls. The campus boasts of a huge biodiversity including variety of plants with medicinal properties.

The Institute has established research collaborations with various Universities in USA, France, and Japan. The Institute has also developed industrial linkages with various research labs and industries. The students of the Institute are publishing their research work in various national/international conferences and journals of repute. The students of the Institute have won various contests organized by Intel, Microsoft IBM, etc. and are getting placed with the reputed companies like TCS, Wipro, Amdocs, Microsoft, Conexant etc. Student's life and activities on the campus provide a challenging and creative environment, which inculcates independent thinking and develop holistic perspective. For all round development of students, various cultural and sports related events are organized throughout the year.

OUR VISION IS

Global Excellence in Knowledge Economy

OUR MISSION IS

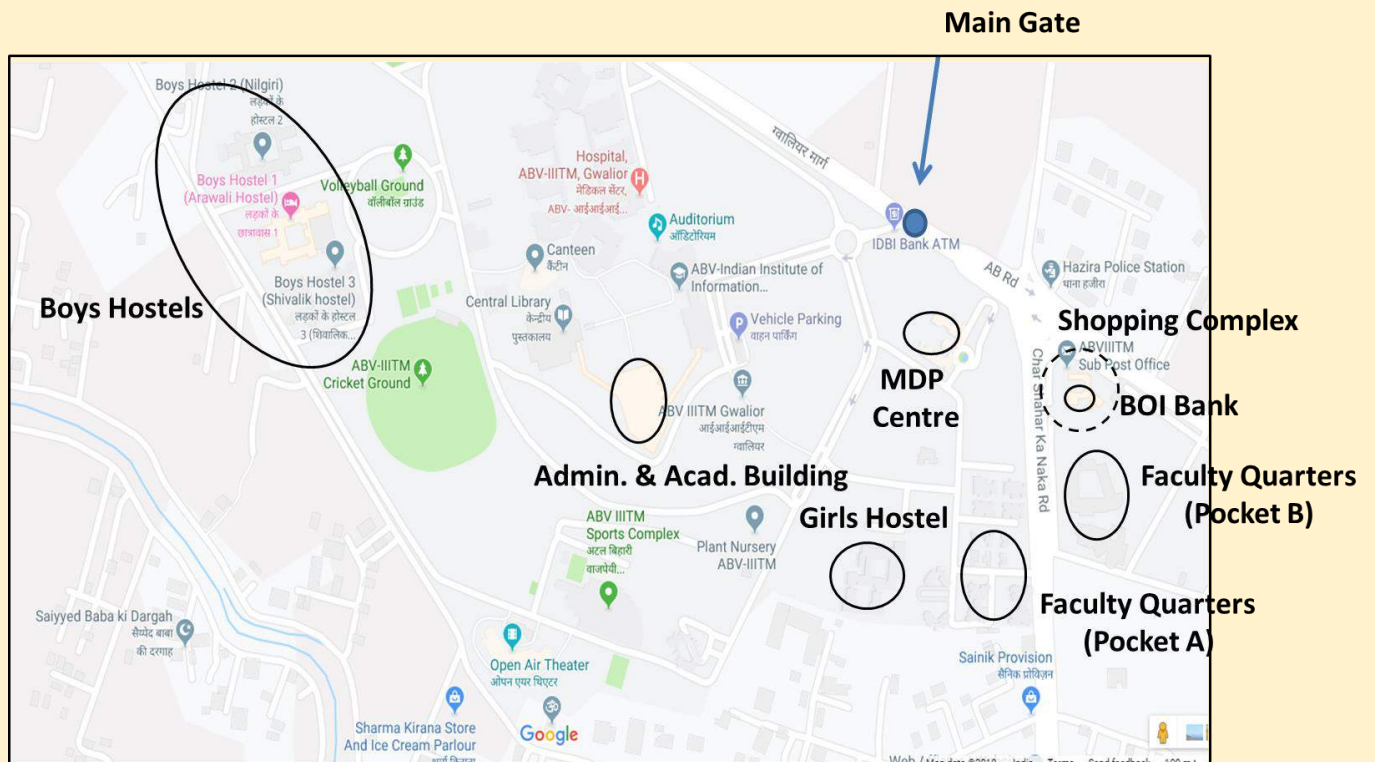

Creating a learning environment with focus on research for emerging technologies and business processes for High-Tech solutions in Low-Tech environment.

Integrating IT technologies and management concepts in cross cultural environments.

Shaping students to be Innovative, Entrepreneurial, Supportive, Assured, and International.

INSTITUTE MAP

Dear Students,

Warm greetings from the Induction program team at ABV-IIITM Gwalior! In this brief write up we wish to give you an overview of the Induction program that has been designed for you.

WHY INDUCTION PROGRAM?

An induction programme is a process to welcome new students to the institute and prepare them for their new role. This Induction programme give exposure to new students in the following topics: Universal human values and ethics, Sensitivity towards self and one's relationship, Build awareness about others and society beyond the individual, Harmony in the society, harmony in nature, Happiness and prosperity, The role of education in the holistic development of the society, and Value in relationships-gratitude. The programme is aimed to play a critical role under the socialization to the organization in terms of performance, attitudes and organizational commitment. In addition, well designed induction programmes can significantly increase the speed to competency of new students. The Induction program at ABV-IIITM Gwalior aims to fulfill the following needs that you may have:

1	2
To inform you about academic, social issues and help you understand the academic environment	To generate interest in your respective areas of study and make you feel confident about future.
3	4
To develop belongingness and friendship	To get you familiar with the campus life and help you adapt to transitions.
5	6
To help you recognize both technical and soft skills required to do well in future.	To provide information about different kinds of help

During the induction program, you will be involved in various kinds of activities as indicated:

1	Interaction with the Institute faculty and staff
2	Know your Campus- interactions, awareness about opportunities available here
3	Life Skills Activities - in order to learn more about yourself, others, to develop abilities to deal with stress, conflicts, competitions and to develop bonding
4	Physical activities - exposure to diverse sports and games at the Institute
5	Community life - in halls, and through relation with your seniors and faculty members
6	Expert talks - by eminent speakers on various areas
7	Creative and cultural events and activities that you are interested in

And many more exciting things that we are sure you will love and remember for days to come!

During the Induction program, you will form small groups to do various activities.

So, let's get started to witness the most exciting week of our lives!

ABV-IIITM Gwalior is a residential Institute and requires that all the students stay in the campus throughout their tenure. A single bed hostel accommodation is provided to all the students. Presently Institute have three hostels for boys and one for girls and these hostels are equipped with all the basic amenities like mess, computer network, reading room, games etc. Telephone facility is also available in all the hostels. A well-equipped gymnasium is also available in the hostel. In addition to this, 2 numbers of family accommodations are available for married doctoral scholars. These hostels are administered by Chief warden, Wardens and Assistant Wardens with help of supervisors. First year UG and IPG boy's students are accommodated in Nilgiri (BH2) hostel.

GUEST HOUSE ACCOMMODATION

The Institute hosts all visitors in guest houses. For details and contact numbers please visit institute website.

GLIMPSES OF ACADEMICS

At ABV-IIITM Gwalior, academic program is designed to give wings to your aspirations - more than teaching, we help you learn and innovate. Academic programs are offered are B. Tech. (CSE), IPG (M. Tech.), IPG (MBA), MBA, M. Tech. and PhD. The Institute offers a five-year Integrated Postgraduate (IPG) programme leading to dual degree of Bachelor of Technology in Information Technology and Master of Technology (IT)/ Master of Business Administration. The Institute offers a four-semester Master of Technology programme (M. Tech.) in Computer Networks, Digital Communication, Information Security and VLSI & Embedded Systems. The Institute also offers a four-semester programme Master of Business Administration. The focus of the programme is to integrate IT with business processes.

Students are encouraged to explore the options which suit them the best, irrespective of the discipline to which they have been admitted. This improves their industry worthiness and knowledge base and helps them emerge as well-rounded graduates, equipped for any career either in academics or the corporate world. Opportunities for research, fellowships, internships, and networking are boundless.

There are approximately 39 faculties in various disciplines who have done PhD from globally renowned universities and done commendable research. Technology Innovation and Incubation Centre (TIIC) is an important unit of the Institute and is dedicated towards IT enabled product development and services. The idea behind the TIIC is to inculcate entrepreneurship among the students and providing them a platform to work independently or work in partnership mode. TIIC has mentored many successful ventures.

17 ACADEMIC LIFE

GRADING SYSTEM

Curriculum and course contents for all academic programs can be found at:

<https://www.iiitm.ac.in/index.php/en/academics-final/courses-of-study>

For each course LTP is mentioned in the course contents handbook. Here, L is reserved for Lecture, T for Tutorial and P for Practical. The total of L T and P gives the number of credits. For example, 3-1-2 means 3 lectures, 1 tutorial and 1 practical. Totalling to 5 credits. Each hour of lecture/tutorial carries 1 credit and the lab hour carries half credit.

Each course is conducted by the course coordinator (in some cases with the assistance of the instructors and / or tutors). The course coordinators are responsible for planning and running the course, conducting the examinations, evaluating the performance of registered students, awarding the grades at the end of semester / summer term and submitting the grades to the academic section. The evaluation of students in a course is a continuous process and is based on their performance in end-semester examination, mid-semester examination, quizzes, assignments, tutorials, projects, laboratory work (if any), etc. The course coordinator shall announce the evaluation scheme along with the weightage for various components at the beginning of the course. The schedule for the mid-semester examination, end-semester examination and make-up examination (if any)

The **minimum credit requirements** for B.Tech. (CSE)/ Integrated Post Graduate programme/M. Tech or MBA is of the order of 150-160 / 230-240/ 70-75 credits respectively. The grades that can be awarded, and their equivalent numerical points, are listed below:

Grade	Grade Points	Description of Performance
A	10	Outstanding
A(-)	9	Excellent
B	8	Very Good
B(-)	7	Good
C	6	Above Average
C(-)	5	Average
D	4	Below Average
F	0	Very Poor
I	-	Incomplete
NP	-	Audit Pass
NF	-	Audit Fail

The Semester Grade Point Average (SGPA) is calculated as follows:

$$SGPA \text{ or } CGPA = \frac{\sum(\text{Number of Credit} \times \text{Grade Points})}{\sum(\text{Number of Credit})}$$

For the purpose of calculation of SGPA or CGPA, only those courses (including minors and majors projects) will be taken into account in which the student has been awarded one of A, A(-) B, B(-) C, C(-) , D grade.

19 STUDENTS AND COMMUNITY LIFE

Students at ABV-IIITM Gwalior have a multi-faceted life with socio-cultural activities, techno-management projects, sports, health and wellness, social work etc. The essence of student life and activities on the campus is to provide an invigorating and creative environment which promotes independent thinking and introspection. The young students thus become aware of their latent talents. Excellent facilities for sports, games, recreation, shopping etc. are available to resident students. These are complimented by special interest groups and other clubs managed by students themselves. Single occupancy hostel accommodation is available for all students. Hostels are self-contained with amenities such as reading rooms, indoor games, table tennis, badminton, internet connection, a lounge and a dining hall with messing arrangements. Opportunities are provided for students to participate in recreational and creative activities. Students interested in activities like music, drama, in-door games etc. can join the relevant club available in the institute. Facilities are also available for out-door games like cricket, football and volleyball. A number of inter and intra college fests are organized to encourage interaction amongst students. Various cultural and sports events are organized on an annual basis, thus giving an opportunity to put up the theoretical concept into practice. IIITM encourages the students to develop all facets of their personalities. Being a residential college, students spend a major share of their time, being with other co-students, and in the process develop the spirit of teamwork. Apart from academics, students participate extensively in cultural and sports activities. A variety of clubs cater to different interest and keep the students busy throughout.

CULTURAL ACTIVITIES

Several festivals (inter and intra college) are organized by students to encourage interaction amongst students.

Aurora: The annual Cultural Festival of IIITM celebrates the spirit of teamwork and excellence and provides a platform to showcase the students' talents. The festival attracts the participation from many reputed institutions in the country.

Infotsav: The annual technology and management festival of the Institute. This is sponsored various industrial houses and attracts participation from various national level Institutes.

Abhigyan: The national level paper presentation contest held by the IETE (Institute of Electrical and Telecommunication Engineers) student's forum. These event witness participations from various engineering and management institutes across India.

LIFE OUTSIDE THE CAMPUS

Life in Gwalior city is vibrant accommodating its rich old culture fused with modern cosmopolitan facilities. Gwalior has emerged as an important tourist attraction in central India while many administrative offices are situated in the city and is surrounded by industrial and commercial zones. Hindi in its standard form is widely spoken in Gwalior followed by Marathi as the second biggest language. Gwalior has a sub-tropical climate with hot summers from late March to early July, the humid monsoon season from late June to early October, and a cool dry winter from early November to late February. Travelling in the city is quite safe and several public and private transportation services are available. There are a few good fine dining and casual dining restaurants available which offer a variety of cuisines at affordable cost. Besides these several popular food outlets such as Pizza Hut, Dominos, McDonald, Subway etc. are available in the Deen Dayal (DD) City mall & DB mall, situated at about 8 kms and 7 kms respectively from IIITM campus. These mall houses a number of showrooms, Big Bazar, Gamezone, Multiplex etc. and operates on all days from 10 am to 10 pm. Gwalior Fort is a hill fort in Gwalior and it is 4kms away from IIITM campus. The fort has existed at least since the 10th century, and the inscriptions and monuments found within what is now the fort campus indicate that it may have existed as early as the beginning of the 6th century.

**DD City Mall****Tomb of Tansen****Gwalior Fort****Jai Vilas Palace Museum**

RAIL/AIR/ROAD CONNECTIVITY

Gwalior being a major railway junction in the Northern central region it connects almost all-important destinations in south, west and east. Railway station is just 5 km away and the airport is 10 kms. Gwalior is well connected by road from Agra, Delhi and Jhansi etc. The city has weekly thrice air connectivity to Mumbai.

Recently daily flight st have arted for Jammu, Hyderabad, Bangalore and Kolkata.

ATM/BANK/POST OFFICE

One ATM is available on main gate as shown in institute MAP. Another ATM, Bank and Post office is in Pocket B in our campus itself, as it can be located from the institute MAP.
