

# National Webinar on Agriculture 4.0

December 11, 2021

Jointly Organized

By

MSME, New Delhi & TBI Centre  
ABV-IIITM, Gwalior

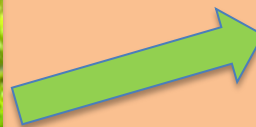

Area/field of the program

- Agriculture Entrepreneurship
- Smart Farming
- Industry 4.0 in Agriculture
- Application of mathematical modeling in Smart Agriculture
- Agriculture and Rural Entrepreneurship
- IOT applications in Agriculture

TBI CENTRE,  
Gwalior

**Last date for Registration:**  
**December 07, 2021**

ATAL BIHARI VAJPAYEE- INDIAN INSTITUTE OF INFORMATION TECHNOLOGY &  
MANAGEMENT GWALIOR

### **Concept of the program:**

Technology Business Incubator (TBI) Center, ABV-IIITM, Gwalior is providing the platform to Agro-entrepreneurs to strengthen their ideas or startups with the support of IT tools and techniques. Agriculture 4.0 is a term for the next big trends facing the industry, including a greater focus on precision agriculture, the internet of things (IoT) and the use of big data to drive greater business efficiencies in the face of rising populations and climate change. **IoT** devices can be of great help **in** enhancing the production and yield in the agriculture sector since these devices can be used to monitor soil acidity level, temperature, and other variables. It increases productivity, reduce manual work, reduce time and makes farming more efficient.

### **Objective of the program**

The main objective of the session is to provide a platform for the researchers and entrepreneurs, contributing on product as well as process development and research using IT based tools and techniques in Agriculture field.

### **Area/field of the program**

This webinar session will be focused on:

- Agriculture Entrepreneurship
- Smart Farming
- Industry 4.0 in Agriculture
- Application of mathematical modeling in Smart Agriculture
- Agriculture and Rural Entrepreneurship
- IOT application in Agriculture

### **ATTRACTION TO PARTICIPANTS:**

The participants will also get the certification of the conference. Participant can register online through the link
